MEMORANDUM FOR: Inspector General

FROM : Robert M. Gates
Deputy Director for IntelligenceSUBJECT : Draft Report on Reinspection of the
Entry-On-Duty Processing System

1. We have reviewed the attached excerpts of the draft report on your reinspection of the Entry-On-Duty (EOD) Processing System. Points of clarification and accuracy were discussed fully, and to our satisfaction, in a meeting of your Inspector,

[redacted] with members of my staff -- [redacted]

2. As was indicated to [redacted] we have no problem with the thrust of this portion of the draft report; but we are anxious to learn how you plan to address the more fundamental question raised in the January 1983 IG report on the same subject: Is the Agency's traditional applicant processing system up to the challenge before us in the mid-to-late 1980s, or are new methods and/or additional resources needed?

3. We look forward to seeing your full report on this important subject, once it is completed. Meanwhile, we appreciate having the opportunity to review these excerpts in draft form.
